### PIAGET CERTIFIED BY THE RESPONSIBLE JEWELLERY COUNCIL

LONDON – The Responsible Jewellery Council (RJC) today announced that Piaget, the leading Swiss watch and jewellery manufacturer and part of Richemont International SA, has achieved certification meeting the ethical, human rights, social and environmental standards as established by the RJC's Member Certification System.

The successful verification assessment of Piaget was conducted by Michel Mooser from SGS, one of the independent third-party auditing firms accredited to the RJC's Member Certification System.

"RJC warmly congratulates Piaget on its certification. More and more Members have commenced the process towards Certification and we look forward to announcing their achievements. RJC is the first independent, third party certification system anywhere in the world that is applicable to businesses across an entire product supply chain, from the sourcing of raw materials through to retail," says Michael Rae, RJC's Chief Executive Officer.

"The RJC certification represents an important accomplishment for Piaget. It participates in strongly upholding the philosophy that was introduced by Piaget's founder, George-Edouard Piaget, which is the concern for the quality of our products and our practices. The certification demonstrates the ongoing engagement of the brand in favour of ethical values and for the protection of the environment. Piaget is proud to be an active member of RJC and to participate in the promotion of responsible practices that are within our domain," says Philippe Léopold-Metzger, CEO of Piaget.
